**Telecommunication Apprenticeship Incentive Fund**
**List of Approved Occupations**
October 30, 2026

## ABOUT

The Wireless Infrastructure Association administers the $29.9 million **Telecommunication Apprenticeship Incentive Fund** to support Registered Apprenticeships in telecommunications occupations. Sponsors with eligible occupations may receive up to $6,000 per eligible new apprentice across three milestones: $1,500 after 90 days of retention, $2,500 upon completion of related technical instruction, and $2,000 upon successful completion of the program.

This list of approved occupations, starting on page two of this document, contains the occupations determined by the department's Office of Apprenticeship to be the ones that most closely align with the job roles and skills required by this specific PfP grantee's priority industry or industries. Requested occupations must be apprenticeable and match the RAPIDS Occupation Code and O*NET code associated with the current list.

## QUESTIONS

For questions about the Telecommunication Apprenticeship Incentive Fund, please contact Rachel Hill at (703) 859-3678 or rachael.hill@wia.org.

## NOTE

- If you do not see your occupation on the list below, your occupation may be eligible through other incentive funds available through the Department of Labor. More information about the five new incentive funds is linked here: Apprenticeship Incentive Funds.
